

Wako-city' s subsidy system for Medical treatment fee of babies and little children

This system subsidize medical fees when your babies and little children saw a doctor and pay for medical treatments of outpatient, prescription or hospitalization.

Period of qualification

You can receive subsidy for the period below.

Birth: From the date of birth of your child, and up to March 31, after he/she has reached the age of 15.

Moving in: From the date of moving in, and up to March 31, after he/she has reached the age of 15.

Moving out: Until the day before moving out.

※ During eligible period, when your registered information (Insurance, address and so on) was changed, you must have your change to the city hall. If this was not done, future subsidy may be denied.

Amount of subsidy

Insured medical fee of outpatient, hospitalization or prescription can be subsidized. When your health insurance union pay for you the Family medical treatment fringe benefit or the Expensive medical charge, city hall subsidize medical fees exempted those sum. And we also subsidize premature baby raising medical charge. But, medical fee that is exempted from insurance will not be subsidized.

Examples exempted from subsidy

1. Document fee, for example, a medical certificate
2. Health report or vaccination by your own expense
3. Medical material fee, for example, a container fee of medicine
4. Specific medical expense charged at hospitals
5. Hospital meals charge
6. Sick and wound by the third party act (Traffic accident and so on)
7. Benefits given by the other laws (Japan sports promotion center law, School health security law and so on)

About Family medical treatment fringe benefit

When you get Family medical treatment fringe benefit from your Insurance union, city subsidize medical fees exempted those sum. Whether there is benefit or not, how to apply, how much subsidy you get are different by each insurance union. Please contact your insurance union about details. And, if you know change in amount of your benefit, please let us know.

About high-cost medical care and fringe benefit of hospitalization and others

In all amount of subsidy, when you paid high amount of medical fee, high-cost medical care or fringe benefits beyond a certain amount of expense will be paid for you through your insurance union and others. In case that is application of medical fee come under high-cost medical care, it needs "receipt" given by Insurance union and others. (generally, "receipt" is issued after two or three months from the month of medical care.) When your medical fees are expensive, please apply for babies and children's medical subsidy after payment from your insurance union as far as possible. Pay attention please. Sometimes, it comes under high-cost medical care by adding up medical fee of you and your other family members. In case of that, we will confirm each situation at reception des or by telephone. So, please give us all your cooperation.

How to receive

Medical institutes in **Wako, Asaka, Shiki, Niiza** (Going to hospital only)

Present your "Babies and children's medical subsidy eligible card" and "health insurance card"

You don't need to pay at window
(This is only for Insurance medical care)

1. Present your subsidy eligible card every turn to hospital's reception desk.
2. If you don't present your card at hospitals, you may need to pay medical fees by yourself.
3. In case that it costs beyond 21,000 yen at one medical institute (or one medical Branch of general medical institute) and in one month, you need to pay exceeding medical fees by yourself. (In case that it costs beyond 21,000 yen in half of one month, you need to pay exceeding medical fees by yourself from the beginning of that month)
4. You may need to pay medical fees when you saw a doctor out of consultation hours, for instance, night medical treatment.

In the case of

- Judo osteopath(reset · bonesetting) · Acupuncture(partial pay)
- When forgetting subsidy eligible card
- When it costed beyond 21,000 yen
- When you saw a doctor out of Wako-city, Asaka-city, Shiki-city, Niiza-city.
- Hospitalization(both in and out of city)

※All case is limited to insurance medical care

You need to pay at window

1. Please fill in the application form and hand out on and after the following month of medical care. The application form is different form by each child, each month, each medical institute, each pharmacy.
 2. Attached receipt must include your children's name, the month (date) of medical care, insurance practice total points or amount of fee, the amount received (copayment), issue date, sign of medical institute.
 3. Grant application form must be handed out to the city office as soon as possible on and after following month of consultation.
 4. Owing to unavoidable circumstance, you are permitted to hand out application form in 5 years from the month of consultation.
 5. Windows are Neuvola Promotion Division in the city office, and other branches (wako station, Ushibo, Sakashita, Fukiage). Mails are also acceptable.
- ※ Please divide application for hospitalization from that for outpatient. Application for hospitalization is needed to attach receipt and detailed statement. When the medical fee comes under high-cost medical care, you are needed to offer the medical fee payment statement that is issued by your insurance union.

About payment

After we receive your application, deposit into your account in the middle of following month. **Please pay attention. When the medical fee comes under high-cost medical care, we need to confirm something to your insurance union. So procedure may be longer and deposit will be late.** In the deposit month, payment statement will be mailed you. Please confirm it.

Attention

When your health insurance card was changed or your address was changed in sphere of Wako city or eligibility card was lost, please notify it to city office.

And, when you move out Wako-city, eligibility card must be returned to city office.
